## Donazione a Ospedale Civile di San Bonifacio "Fracastoro" (Verona) Donation to "Fracastoro" Civil Hospital in San Bonifacio (Verona)

In pronto soccorso la nuova tecnologia che negli ambienti fa piazza pulita del Covid- 19 in 60 minuti: è il dono che BioXigen ha voluto consegnare al personale sanitario impegnato nella prima linea dell'ospedale Fracastoro di San Bonifacio.

I cinque ionizzatori donati possono essere utilizzati in continuazione, 24 ore al giorno, sette giorni su sette anche in presenza di persone; un notevole aiuto alla sanificazione degli ambienti da dove passano pazienti Covid-positivi e dove periodicamente si opera con tamponi per garantire ambienti non contaminati.

In the emergency room the new technology eliminates Covid-19 in 60 minutes: this is the gift that BioXigen wanted to give to the healthcare personell working in the Fracastoro Hospital in San Bonifacio. The five donated ionisers can be used continuously, 24 hours a day, seven days a week, even in the presence of people; they are a considerable aid to the sanitization of environments where there are patients affected by Covid and where swabs are done.

Hospital Fracastoro - S. Bonifacio, Italy

Hospital Fracastoro - Head nurse of the First Aid

First aid team, and political figures, present at the donation event
